PDF guides to support different learning styles

TRANSFORM THE WAY YOU WORK

In 2016 alone, Microsoft added 60 new features to Office 365, including new products like Teams, Groups, Planner and Sway.

YOU NEED AN EASY WAY TO GET THE MOST OUT OF OFFICE 365 AND KEEP UP WITH CONTINUOUS UPDATES AT THE SAME TIME.

HOW WE DO IT

Traditional training is time-consuming, irrelevant and ineffective. If you've ever experienced this, you know how frustrating it can be. Learning with QuickHelp is different.

The QuickHelp platform zeroes in on a learning journey that speaks to users as individuals with unique needs.

PERSONALIZE

Intake surveys create curated learning paths based on company goals, job titles, work habits and skill levels.

ATTRACT

Our intelligent platform delivers targeted, individualized content and messaging that keeps people engaged with their learning.

CHANGE

By delivering the right content at the right time, we reinforce learning and transform the way users work.

THE IMPACT

Changing the way people work means driving adoption, preserving IT resources and increasing productivity and collaboration.

One new skill saves each employee an average of **18 minutes per WEEK.**

One new skill saves one helpdesk call – **that's \$25 or more in savings per person, per playlist.**

Live productivity events save users an average of **one hour per week.**

YOUR ORGANIZATION CAN SAVE THOUSANDS OF HOURS AND DOLLARS PER YEAR.
